STEM EDUCATION PROGRAMME

Jobs for the future

Celebrating ourselves

*LO: To **understand** that career pathways are dependent on a wide range of skills*

sse | For a better world of energy

WHO ARE SSE?

Do now:

What careers do people have that support…?

KEY WORDS

career pathway

attributes

essential / desirable

Our BIG question

How can we prepare for careers that may not even exist yet?

Introduction: working for SSE

Watch this video
"Life at SSE"

- Who?
- What?
- When?
- Where?
- Why?
- How?

Which essential skill does this use?

SPEAKING

The oral transmission of information or ideas

STEP 5

I speak effectively by using appropriate language

sse

Do together

Name	Mark Beaman
Role	Project manager
Background	
What their role entails	
Vital skills	
Why this role is important	
Any other Information?	

Do together

“Faces of the energy transition, Steph Walker”

Do together

Watch this video

“Life at SSE, James Archer”

Pupil practise

SPEAKING

- Why would you want to work for SSE?

- Why would SSE want to work with you?

Review of learning…

1) What is a job, career and career pathway?
2) How have jobs changed over time?
3) What do all employers look for in people they recruit?
4) How can you prepare today for the jobs you will be doing in the future?
5) Is there anything else you will take away from these lessons?

How have we used our Speaking skills?

- What are some examples of different language that give us a clue as to how formal or informal it is?
- Thinking about the three broad types of language (formal, informal and technical), which do you think is appropriate in what setting?
- Why do you think it is vital to get this right?

Our BIG question

How can we prepare for jobs that may not even exist yet?

Activity	Time Allocation Guide
Do Now: recap of some of the careers at SSE	5 mins
Introduction: working for SSE	15 mins
Provide Model: learning about the skills at SSE	20 mins
Pupil Practise: creating our applications	15 mins
Review of Learning: time to reflect	5 mins
