

Travel is evolving and so are we

Who we are:

GoZayaan is a travel company inspired by the explorers who never stop in their pursuit of discovering the unseen. Dedicated to constantly innovating the travel industry, GoZayaan strives to ensure that every traveler gets the best travel experience possible.

Who we are:

GoZayaan started its journey in 2017 with the aim of making international travel accessible to everyone. With the ever-shifting demands of the industry, we grew to something much bigger. Driven to amplify the happiness of travels, we introduced hotels, tours, and buses. To make our platform more convenient, we incorporated multiple payment solutions, ancillary services, and a mobile app for our users. This pursuit of redefining the industry is set to continue without any limits.

The Curious Bird:

The bird in our logo is a testament to our work ethic and how we approach the travel industry. Just like birds we aim higher to face new challenges no matter how difficult they may be. A curious bird that just wants to explore and find new wonders as it prepares to fly to different destinations. GoZayaan strives to provide travelers with the freedom to explore our platform and find new surprises.

We Innovate to provide the best experience:

As a travel company, our objective is to make sure we are constantly on the top of our game and ready to adapt. Our ability to adapt with tech-driven solutions has been our key strength.

No matter how difficult the challenges may be, GoZayaan will continuously innovate to provide the best experience possible to the travelers.
