# Indonesia-Australia Partnership on Food Security in the Red Meat & Cattle Sector

Increase domestic and foreign investment in the red meat and cattle supply chain

Improve security, prosperity and productivity of the Indonesian and Australian red meat and cattle industries

Build a trusted relationship between Australian and Indonesian red meat and cattle industries and governments

Increase Indonesia's cattle population to help meet local demand and food security targets

Be able to respond to the increased demand for beef products in Indonesia across differentiated market segments with pricing meeting consumer demands
