

Course Outline

Online International Training Course via Zoom Meeting

1. Course Title:

Sufficiency Economy Philosophy: Adaptations to the Covid-19

2. Duration:

11 June – 17 July 2022

3. Background and Rational:

TICA: Thailand International Cooperation Agency

TICA is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programs. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

Organization/Institution

In the past 70 years, from being 'Home Science Secondary School' into Suan Dusit University, that the unique strengths of the school were improved and developed to be relevant to the changes has led to the foundation of university strengths in the present day. Consequently, the identities of Suan Dusit University are determined by these primary expertises, which have been accepted in both national and international levels, as well as the competence to response the need of local and society. Four identities of the university are Childhood Education, Food Industry, Service Industry, and Nursing Science. The utilization of innovation and new technology creates the Suan Dusit culture which include the good personality;

the desire to seek for new knowledge and develop innovation; self-discipline and open-minded character.

4. Objectives:

The program is designed to:

- gain knowledge and comprehend in the principles and concepts of Sufficiency Economy Philosophy (SEP), and
- apply the principles and concepts of Sufficiency Economy Philosophy (SEP) in the responsive to the adaptation of Covid-19 into their own country development.

5. Course Contents:

This training course offers knowledge and understanding on SEP in the response to the adaptation of Covid-19 as well as its application through different cases. The topics of training are as follow:

- the philosophy of the sufficiency economy from the greatest King through the social context after the Covid-19 pandemic (the principle, goals, objectives and etc.),
- the sufficiency economy in globalization: paradigm shift in Thailand,
- the community based for sustainability in globalization beyond the 21st century,
- the community-based management for sustainability in Thailand and ASIAN contexts,
- the community sustainability in the Thai context(s) after the Covid-19 pandemic beyond the philosophy of the sufficiency economy (knowledge sharing, best practice, examples, experiences, adaptation, process etc.),
- the role(s) and function(s) of the philosophy of the sufficiency economy after the Covid-19 pandemic in the formal, non-formal, lifelong learning and vocational school: case study in Thailand (governmental policy, benefit, curriculum and applying beyond the school and community context),
- the role(s) and function(s) of the philosophy of the sufficiency economy after the Covid-19 pandemic in the agriculture and farming: case study in Thailand and ASIAN countries, and
- the implementation of the philosophy of the sufficiency economy to develop the human capital in ASIAN context in the response to the adaptation of Covid-19.

The integrated skills, applying and management between the philosophy of the sufficiency economy and community-based development in the response to the adaptation of Covid-19.
